KMOX Radio, St. Louis - Blunt, Wagner, McCaskill and Clay Take Action on Burning Landfill - 11/19/15 - Residents living near the landfill where an underground fire threatens nearby nuclear waste, are happy a new federal agency may take over the crisis— one with a reputation for action. <http://stlouis.cbslocal.com/2015/11/19/legislation-introduced-to-remove-epa-as-lead-jurisdiction-at-west-lake-landfill/>

KTVI Channel 2, St. Louis - Army Corps of Engineers could take over clean-up at West Lake Landfill - 11/19/15 - A small victory for worried residents near the West Lake Landfill as Missouri's Congressional leaders asked for new legislation that would have the Army Corps of Engineers take control of cleaning up World War II-era nuclear waste buried there. <http://fox2now.com/2015/11/19/army-corps-of-engineers-could-take-over-clean-up-at-west-lake-landfill/>

Missouri Times - Sen. Chappelle-Nadal Issues Statement on federal legislation removing the EPA from Westlake Landfill - 11/19/15 - Filing legislation in the House and Senate to remove the Environmental Protection Agency (EPA) is a positive step towards putting the remediation of radioactive waste into more capable hands. However, it still falls short of an all-inclusive approach to providing a safe environment for people in the St. Louis region. <http://themissouritimes.com/24449/sen-chappelle-nadal-issues-statement-on-federal-legislation-removing-the-epa-from-westlake-landfill/>

Washington Examiner - Missouri Senators demand clean-up of West Lake; offer families 'peace of mind' - 11/19/15 - In a stunning development on the radioactive West Lake Landfill story, today a bipartisan congressional delegation from Missouri introduced a bill to finally instigate an expedited clean-up of the orphaned nuclear waste site. <http://www.examiner.com/article/missouri-senators-demand-clean-up-of-west-lake-offer-families-peace-of-mind>

St. Louis American - Missouri congressman file bill to put Army Corps of Engineers in charge of cleaning up radioactive waste at West Lake Landfill - 11/19/15 - For years, St. Louis residents and advocates have been phoning and pressuring their congressmen to take legislative action to clean up the West Lake Landfill, where wastes from 1940s atomic bomb production were illegally buried in the 1970s. http://www.stlamerican.com/news/local_news/article_7722eb02-8f0c-11e5-8c75-0b441db2a93e.html

KWMU St. Louis Public Radio - Area members of Congress move to shift federal oversight of radioactive West Lake Landfill - 11/19/15 - A rare bipartisan coalition of the region's two members of the U.S. House and both of Missouri's U.S. senators has filed legislation to transfer authority for the West Lake landfill from the Environmental Protection Action to the Army Corps of Engineers. <http://news.stlpublicradio.org/post/area-members-congress-move-shift-federal-oversight-radioactive-west-lake-landfill>

KTRS Radio - Lawmakers want Corps, not EPA, to remediate landfill - 11/19/15 - Four members of Missouri's congressional delegation want the Army Corps of Engineers to take over 'clean up' of the West Lake Landfill site in St. Louis County, saying the Environmental Protection Agency is moving too slowly in addressing concerns about contamination. <http://lawmakers-want-corps-not-epa-to-remediate-landfill/>

KMOV Channel 2, St. Louis (video) - Bridgeton Landfill Fact vs. Fiction: Are nearby businesses leaving? - 11/19/15 - Bridgeton's mayor said the situation at the Bridgeton and West Lake Landfills has not chased nearby businesses away. <http://www.kmov.com/story/30553877/bridgeton-landfill-fact-vs-fiction-are-nearby-businesses-leaving>
